4. Guests – No report received from **Wells Police (Safer Neighbourhood Team)**, however those present at the meeting reported the following; Marine thefts from both Morston and Cley beach had taken place the previous night. Since the last BPC meeting, it is understood that The Acreage on Coast Road had been targeted, and the two SCOPE charity bins in the Village Hall car park had been broken into and all contents stolen at the beginning of April along with the banks at Morrison's in Cromer and Fakenham, sadly was not the first time for any of them. It was suggested that other residential properties in the area had also been burgled. This was an alarming report from those present, all will be fed back to the Wells SNT. The message as always, is to all remain vigilant, and report anything suspicious.

6.2. **District Councillor** – No written report, but we are asked to give consideration to our agenda slot, given that, in the newly formed Coastal Ward, we along with Cley and Salthouse meet on the first Tuesday of each month. We will try and arrange the slot accordingly.

7. **OPEN PUBLIC SESSION** – No public were present.

8. **PLANNING** – PF = Full Planning Permission, PM = Planning Permission – Reserved Matters, LA = Alteration to Listed Building.

8.1. **Tree Preservation Order – TPO/19/0952** for **Kimberley, New Road, Blakeney** had been served by NNDC. ***Resolved*** that we support this TPO.

8.2. Application no. **PF/19/0619** – *Proposal; Erection of first floor extension at, 32 Morston Road, Blakeney. ***Resolved – No objection.****

Neil Thompson left the meeting for the next item and returned after.

District Cllr Karen Ward joined us.

8.3. Application no. **PO/19/0492** – *Proposal; Demolition of single-storey dwelling and erection of 2 no. detached, two-storey dwellings (Outline planning application with all matters reserved) at, Glebe Lodge, Saxlingham Road, Blakeney. ***Resolved – We object*** for the*

following reasons; Loss of garden due to this being yet another infill proposal, over development of site, we would prefer to see a one dwelling replacement application, concerns over the height of the proposed two new builds. Share concerns raised by the Landscape Officer, ie. any protected species.

- 8.4. Application no. **PF/19/0537** – *Proposal; Erection of two-storey front and rear extensions at, **Samphire, Old Rectory Lane, Blakeney**.* This application had been withdrawn, and hence no action required.
- 8.5. Application no. **PF/19/0549** – *Proposal; Replacement and additional windows (including some new windows and altered openings and first floor glazing); extended pump island with new kiosk; use of part of ground floor for car sales and first floor as cinema; associated external alterations (part retrospective) at, **Blakeney Garage, Morston Road, Blakeney**.* **Resolved** – Whilst we wish it be noted, that it is regrettable that this is a part retrospective application, we have **no objection; subject to the following conditions being added;** The silver chimney which is very obtrusive, should be replaced with a black one. The outside lighting must not be obtrusive, the external lighting affixed to the walls, should be downlighting. All external lighting must take into account the area in which it is sited, and the dark skies policy, in particular we have concerns over how the 24hr pump will be illuminated, indeed more detail on this would be welcome.
- 8.6. Application no. **PF/18/1988** – *Proposal; Demolition of existing detached dwelling, removal of outbuildings and erection of 8 dwellings, associated development and means of access at, **Kimberley, New Road, Blakeney**.* **Resolved – Object** for the following reasons; Our reasons as stated before still stand; These proposals are a complete over development of the site, despite our previous comments there is no element of affordable housing, which this village needs. We also share the concerns raised by many others with this continued revised application; such as lack of parking spaces for such a big scheme, which would potentially force vehicles to park on the verge, which we do not wish to see, drainage/sewage concerns which we have also raised previously and we support the recent addition of the Tree Preservation Order for this site. This application fails to enhance the character and quality of the area and should not be permitted.
- 8.7. **Resolved** to address the placing of **illegal notices and inappropriate signage** in general around the village, based on the recommendations of the Blakeney Conservation Area Appraisal and Management Plan as commissioned by NNDC and the actions of Wiveton Parish Council, a policy will be pulled together based on all points agreed with the overall aim of making the village more tidy for those who live here and visit.

10.2. Members were in receipt of feedback from the meeting with representatives of Norfolk County Council Highways, following our request for a **Traffic Survey**; to summarise, they had looked back over historical studies previously undertaken, work already undertaken as a result of these and identified the following as possible options, based on logistics, costs and reality;

- Simple Westgate/egress route signing review, outline cost £3K – **Resolved to accept** this work.
- Consideration of waiting restrictions possibly at/near the Westgate Street junction/A149 to overcome congestion during summer months – **Resolved not to proceed** with this together with consideration of waiting restrictions at the bottom end (near Quay) of High Street to overcome congestion and improve pedestrian safety; outline cost £6K plus, and possibly abortive costs if traffic regulation order unsuccessful due to objections.

Page 9 (2019/20)

- NCC Highway Design would be able to take on a traffic management feasibility study based on a study brief at an estimated cost of £5K but feel that this is both expensive and unnecessary. **Resolved not to proceed** with such a study.
