

"The fun will be endless at Blakeney! With a variety of play zones including a natural BMX track, Double Ariel Cableway and half basketball court, kids can stay active all day long! The bulk of the play equipment has been situated top right with the Ariel Cableway following the natural gradient of the field. The BMX track can be found to the east of the field with a beginners and advanced section for those of all abilities. To the west the basketball game zone can be found with plenty of room to play all day long!"

Blakeney Parish Council Playspace Design
